New service hours for the Bridge Street Plan Room

For a trial period commencing on 1 July 2005, the Department's Bridge Street Plan Room will be open for business only between the hours of 1.00pm to 4:30pm, or by special appointment. During other business hours, Bridge Street Plan Room staff will be located at the Department's Queens Square Sydney office where they will be available to provide advice and accept orders for copies of Plan Room records.

The Plan Room, located in Room 316 of the Department of Infrastructure, Planning and Natural Resources building at 23-33 Bridge Street Sydney, holds the State's collection of original Crown Subdivision Plans. The decision to trial reduced opening hours is due to falling demand and the Department's plans to commence scanning the collection in colour later this year, which will enable conservation and future electronic delivery of these records.
